SPOKANE, Wash., Nov. 13, 2026 —Approximately 157 Avista electric customers south of Springdale along Highway 231 will experience a planned power outage beginning at 8:30 a.m. on Tuesday, Nov. 17. Power is expected to be restored by 3:00 p.m. All affected customers will be notified in advance.

During the outage, Avista crews will be replacing two power poles in the area. This work is part of Avista's ongoing efforts to enhance the safety and reliability of its infrastructure.

Customers with questions or concerns may contact Avista at (800) 227-9187.
